PROPOSED REVISION OF FOOTNOTE TO SE-37: PROBABLE EFFECTS
OF VARIOUS POSSIBLE COURSES OF ACTION WITH
RESPECT TO COMMUNIST CHINA (page 1 of text)

Whether or not the courses of action considered in this paper would be politically feasible, or even desirable in the light of their economic repercussions on the non-Communist world is beyond the scope of this estimate. The means by which a Western embargo, blockade, and/or bombardment could be implemented is also beyond the scope of this paper.
